

Welcome at FWW Fahrzeugwerk GmbH

We are your partner for maintenance, repairs, modification and production of vehicles and special equipment. Our service is provided in our facilities and at our customer's locations worldwide. FWW can rely on a long tradition in the defense business. Our employees own a high level of skills and are able to maintain and repair vehicles and weapon systems of all different kinds. This large variety of competence, for example the APC Fox and M113, reconnaissance vehicle Fennek, all terrain transport vehicle BV206 (SUSV) and the Multiple Launch Rocket System (MLRS) characterizes our company in a special manner.
